MRPP Met The Governor

March 2010 | Page 1

Governor of South Sumatera Ir. H. Alex Noerdin SH posed together with GTZ MRPP Project Leader, Dr. Karl Steinmann, Carbon Measurement Specialist, Solichin S.Hut M.Sc and Special Staff of the Governor HM. Najib Asmani (Right of the Picture) after a meeting on 05 March 2010 discussing the steps for mitigating global warming and carbon trading in South Sumatera.

MRPP Met The Governor

Like a perfect match, with the vision of Green South Sumatera launched by The Governor, MRPP met The Governor for reporting the activities of Merang REDD Pilot Project (MRPP) in Kecamatan Bayung Lencir, Kabupaten MUBA and the purpose of the project to reduce carbon emission and conserving the last remaining peat swamp forest in South Sumatera.

March 2010 | Page 2

Points agreed on the meeting are:

- * Governor supports MRPP programs and activities
- * Governor had written a support letter for MRPP project to MUBA Regent and copied to the Ministry of Forestry
- * Governor will follow up and action on the mitigation of illegal logging in the Merang area
- * MRPP is requested to avail data and information about the project and illegal logging to the related provincial agencies
- * The Governor urged MRPP to find the carbon buyer as soon as possible
- * Provincial Government is willing and able to learn internationally for the success of MRPP carbon project
- * The parties agreed on a regular meeting between the governor and MRPP such as 3 monthly meeting
